5. REGULAR AGENDA

D. HOUSING & COMMUNITY DEVELOPMENT

1. Staff recommends motion to adopt: a Resolution: a) authorizing the County Administrator to execute an application for funding to the State under the CDBG Disaster Recovery Initiative, and to execute certifications and all other documents related to the application and the implementation of projects; b) authorizing Palm Beach County Department of Housing and Community Development to be the lead agency in the preparation and submission of the application to the State; c) authorizing the County Administrator to execute inter-local Agreements with municipalities who submit eligible projects that are recommended for funding; and d) authorizing the County Administrator to sign grant agreements with organizations selected to receive funding.
- SUMMARY:** The Department of Community Affairs (DCA) announced the availability of \$82,904,000 in Community Development Block Grant Disaster Recovery Funding that was made available to the State by the U.S. Department of Housing and Urban Development. These Disaster Recovery Initiative (DRI) funds are to be distributed to counties and municipalities throughout the State to assist in recovery from the federally declared disasters (Hurricanes Katrina and Wilma) that occurred between August 25, 2005 and October 24, 2005. Palm Beach County, which was affected by Hurricane Wilma, is eligible to receive up to \$19,035,920 of this funding. While all municipalities and the County are eligible to participate in the DRI, DCA will only accept one application from a unit of general local government within Palm Beach County. DCA's application deadline is August 18, 2006. The County will be required to certify and to document that no other funding is available to address the needs for which funding is being sought under this program. In correspondence dated June 12 and 14, 2006, Palm Beach County HCD notified all municipalities and the League of Cities of the availability of the DRI funds. In a meeting held June 19, 2006, Palm Beach County was selected to be the lead agency. In a Notice of Funding Availability (NOFA) published on June 23, 2006, public agencies, non-profits, and for-profits were informed of the availability of DRI funding. Given the short notification period for submission of the application, staff believes that execution of documents by the County Administrator would expedite appreciably the application process and enhance the chances of meeting the August 18, 2006 submission deadline.
